

Alabama First Class Foundation Site

- Your child is enrolled in a special program that is being funded in childcares. This means your child's classroom is supported to build the best day possible for your child to grow!
- Children will be provided with fun, engaging, and age appropriate activities to promote learning.
- Teachers are provided with skills to build effective teaching practices.
- Families are partnered with community resources to ensure each child reaches their greatest potential.

Your child currently attends a First Class Foundation Site. We are asking that all guardians register children in the ASAP system, just as children enrolled in First Class Pre-K. To complete an ASAP registration, go to the following website: alb3f.asapconnected.com.
